TEXAS LEGISLATURE.

The Appropriation Bill Sent to Conference for Final Settlement.

GRUBBS SCHOOL BILL

Numerous Measures Disposed of in Both Houses—No Action Taken on the Antitrust Measure by Conference Committee.

Austin, May 19.—The Grubbs industrial school bill was the first business taken up in the senate yesterday, and Mr. Davidson moved to recommit it to the committee on education. Lost—yeas 10, nays 12.

Mr. Miller moved the previous question, upon which motion Mr. Grinnan secured a call of the senate and Miller's motion to excuse absentees was lost.

Mr. Linn secured consideration of the house bill by Mr. Nolan, amending Galveston city charter. The bill was slightly amended and passed to a third reading and finally passed.

On motion of Goss the senate concurred in house amendments to his bill providing for the correction and division of unpatented alternate surveys between the individual owner and state school land in conflict with older valid surveys, and to protect the purchasers of school land in conflict therewith and for the patenting of the same.

At 11 o'clock the senate went into executive session and spent several hours confirming notaries.

At the afternoon session Yantis introduced a bill to change the penalties in the present antitrust law to conform the same to the penalties in the new law.

Mr. Lewis called up his bill, with the house amendments, providing for the investment of permanent school fund in bonds of cities. The senate concurred in house amendments.

The chair appointed Messrs. Dibrell, Patterson, James, Turney and Atlee as free conference committee on the appropriation bill.

On motion of Mr. Goss the free conference committee report was adopted on bill allowing certificates of deposits to be accepted as cash by county commissioners in counting the money in county treasuries.

On motion of Mr. Grinnan the senate refused to concur in house amendment, and asked for a free conference committee on his bill making all mortgages, deeds of trust, contracts and other liens on land subject to taxation.

Grinnan, Davidson, Patterson, Terrell and Yett were appointed as such committee.

With the senate under call on the Grubbs bill, an adjournment was taken.

The house resumed consideration of the senate bill to authorize the several counties to invest the permanent school fund belonging to such counties in their own bonds and to use the proceeds thereof for general county purposes, and to make the county liable for such investment. The bill was passed to third reading.

The bill to validate acknowledgments to all instruments constituting links in the chain of title or affecting the title to any lands in the state, and to quiet title of the same, was killed by having the enacting clause stricken out.

Mr. Henderson of Lamar, called up the general appropriation bill and moved to nonconcur in the senate amendments and request the appointment of a free conference committee. Adopted.

The house took up and passed the senate bill to grant G. W. Burkett leave to bring suit against the state to redeem from forfeiture and resale a section of land in Hardeman county.

The house passed a number of other bills, but none were of especial interest. No action taken by conference committee on antitrust bill.

Killed a Negro Man.

St. Louis, May 19.—David I. Field, a retired capitalist, shot and killed Robert W. Stratford, a negro man, in the vestibule of his handsome residence here. The shooting was the result of Stratford attempting to assault his employer who had just discharged him for neglecting his work. He ordered the negro away, but the latter grew angry and advanced on his employer, when he was shot dead. Mr. Field at once surrendered himself to the police and was taken into custody.

Confessed to Poisoning.

Cincinnati, May 19.—James Weaver, a negro boy aged 11 years, confessed to having poisoned his father and his half-brother, John, on Tuesday morning. John died in a few hours and his father has slight chance of recovery. The boy simply said that he found a box of rough on rats on the stove Monday night and did not know what it was. He put it in the coffee pot.

Volunteers in the Philippines.

Washington, May 19.—The war department officials expect that within two months the Pacific transports will be on their way home from Manila with

the last of the volunteer regiments. The entire Pacific fleet is now being overhauled and provisioned for the voyage to Manila and return.

Thrown from a Horse.

Lockhart, Tex., May 19.—Hampton Bunch, a young farmer living four miles northwest of town, was thrown from a horse and his collar bone was broken, shoulder crushed and one or two ribs broken, and he was otherwise painfully injured, though resting well.

DISREGARDED ORDERS.

General Brooke Censured by Officials for Action as to Cuban Arms.

Washington, May 19.—Gen. Brooke was instructed by the president to insist that the arms of the Cubans be turned over to officers of the United States army. Instead General Brooke agreed with General Gomez that the arms shall be surrendered to the mayors of the Cuban cities.

Officials of the war department regard General Brooke's disregard of the president's implicit instructions as a moral victory for General Gomez and the dissatisfied Cubans.

Secretary Alger is highly indignant over General Brooke's surprising disregard of the president's strict orders. He has telegraphed to the president full details. It is generally conceded that these developments in Cuba will greatly delay the distribution of the \$5,000,000 to the Cuban army.

VIOLATED NO ORDERS.

Brooke Will Settle With the Cuban Army According to Instructions.

Washington, May 19.—General Brooke has violated no instructions given him by the government. He was instructed to have Cubans give up their arms to him, and this is what he is doing. The proposition of the Cuban leaders to Gen. Brooke to have the Cuban army store their arms with the different mayors of the different towns, has not been sanctioned by him and will not be, until he gets instructions to do so from headquarters. Such a proposition is now before the president.

It is said at the war department that should the Cuban leaders refuse to accept General Brooke's proffer whether conditioned upon surrender of arms to United States army officers or to Cuban mayors, will terminate the efforts of the governor general to come to a satisfactory arrangement with these leaders. If such fails General Brooke will proceed to address himself directly to the private soldiers of the Cuban army. He will have his agent, United States army officers, to pay off every bona fide Cuban soldier, who is willing to comply with the conditions laid down by him and this will be done without further reference to any malcontent leaders who have so long retarded a settlement.

MARION STONE DEAD.

He Was an Inventor of Fame and a Friend to the Poor.

Washington, May 19.—Marion Chester Stone is dead at his home in this city, aged 57 years. He was born in Ohio, served in the civil war, studied theology and became a newspaper correspondent. He invented a machine for making cigarette holders and made a contract with the Duke company, after which he started a factory. Then he invented a machine for making paper straws or tubes that have displaced the straws used for cold drinks. The orders from Europe as well as the domestic trade was so great that Mr. Stone was obliged to double the capacity of his works.

His next invention was a method for coloring fine china and wares, in imitation of the celebrated Peach blow vase of the Walters collection. His factory was a model, and he was spoken of as "the friend of the working class" in that he looked after the moral and social condition of his working girls and furnished a large library of standard fiction and other works. A music room, a meeting place for debates and a dancing floor, was in his building. Mr. Stone was also well known for his philanthropic in other directions.

TRIED TO MOB HIM.

Acquittal of Max Regis Cause the French to Get Excited.

Paris, May 19.—After the acquittal of the notorious Jew Baiter, Max Regis, on the charge of inciting murder and incendiaryism at Grenoble last evening, a hostile crowd followed him to the railroad station, compelling the authorities to protect him with soldiers. The mob marched after the officers, cheering for Dreyfus and Picquart, and jarring and hooting the officers who turned a water hose on the crowd. The latter responded with a shower of stones. Several officers were injured by the mob. The rioters finally dispersed after a number of policemen had been hurt.

On the news of the acquittal of Max Regis reaching Algiers, which city he was formerly mayor, a mob was formed there and marched on the Jewish quarter and the police and military had to be summoned in order to prevent the rioters from wrecking Jewish houses. Fifty arrests were made before the mob dispersed.

GARTH, HOWELL & WEBB

Stranger's Attempt at Suicide.

Cape Girardeau, Mo., May 19.—A stranger, fairly well dressed, swallowed a quantity of morphine at Edmonson's store at East Cape. He is in a critical condition. No one in the town ever saw him before. He is about 5 feet and 8 inches in height, bald and smooth-shaven, appearing to be 50 years old. On a handkerchief found in one of his pockets are embroidered the initials "E. E. R."

James Farry Dead.

New York, May 19.—James Farry, organizer and first president of the Journeymen Horseshoer's International union and also the first general secretary of the Knights of Labor, is dead at his home in this city aged 48.

Edward P. Loomis Dead.

New York, May 19.—Edward P. Loomis, ex-president of the National Apple Shippers' association, and the first dealer to introduce cold storage on a large scale in the business, is dead.

TOLD IN VERSE.

Ten thousand voices sweetly sing
Their praises of the household boss,
And cash to Clarke & Dansby bring
For sacks of finest "Albatross."

The cooks delight to see it rise
When it is gone they mourn its loss,
And sing its praises to the skies
The only flour, the "Albatross."

The boarders laugh in pure delight
And when its gone they all get cross,
Because they think its only right
To use the best, the "Albatross."

And "Ferndale," too, for its a peach,
Asparagus and young snap beans,
It's the finest in your reach,
Yes, that is just what Ferndale means.

Fresh tomatoes, corn and pease
Selected with the utmost care,
Send their message on the breeze
To the hungry everywhere.

Go to Clarke & Dansby's store
On the west side of Main street,
Buy their goods and you'll buy more—
Everything that's good to eat.

Their goods are new, yes, fresh and
sweet—
The finest brands of everything;
Their prices low and can't be beat—
Let all the town their praises sing.

Telephone 106.

WILL HAVE A BAND.

Those Interested in the Matter
Determined to Put it
Through.

Mr. Richard Newland, a leading spirit and inspiration in the old band here, which made itself famous and popular under his leadership throughout this section, has moved back to Bryan, and has a position with Mr. John T. Hanway. It is understood that Mr. Newland will lend his efforts to those which others have been earnestly making towards securing a new band. It is expected the new organization will include fifteen or twenty members, with several experienced band men included, among whom may be mentioned Messrs. Richard Newland, W. W. Harris, Joe Wren, C. G. Parsons, L. J. Cox, Herbert Campbell, A. B. Coleman, Charles Vesmirovsky and others.

In conversation with the reporter yesterday Mr. W. W. Harris said: "We mean to keep right up with the procession in the matter of a new band for Bryan. We will ask the assistance of the Quartette Club in interesting the public in the matter and raising funds to purchase instruments. Two hundred and fifty or three hundred dollars will be necessary for this purpose, but the money will be well spent, and we don't mean to let up until a band is secured."

The Eagle desires to commend the movement and hopes it will receive substantial encouragement from the people of Bryan who cannot fail to recognize the advantages of a good band always in the city and available, for public functions which are never a success without music.

"Don't Worry Club."

Miss Emily Thomas, assisted by a number of her young lady friends, entertained the members of the "Don't Worry Club" and others of the College boys at a delightful lawn party, given at her home last evening. A punch bowl was provided on the lawn, and other light refreshments were served. The young people of this circle are just now having a most pleasant time with a round of entertainments, and none have been more pleasant than that given last evening.

Heenan is doing the plumbing and pipe work right along. See his advertisement.

HAVE AGREED ON THE NICARAGUA CANAL.

The Commissioners Have Overcome Ob-
stacles and Placed the Total Cost
at \$125,000,000.

Washington, May 19.—The Nicaragua canal commissioners, Admiral Walker, Colonel Hains and Mr. Haupt, are understood at last to have settled the serious disagreements which have so long delayed the report of the commission and which for a time threatened to make necessary the appointment by the president of another commissioner under the authority conferred by the last session of congress. The compromise effected among the commissioners results in their fixing the cost of the proposed waterway which is pronounced entirely feasible at \$125,000,000. It is believed the report will be signed and delivered to the president immediately upon his return from Hot Springs to Washington.

The members of the commission having agreed that the elaborate and thorough consideration they have given to the subject, believe that the last objection to the beginning of the interoceanic waterway has been swept aside and that congress may be relied upon to promptly authorize the canal's construction. A modified route is recommended.

In its preliminary report the commission declared its positive belief that the canal across Nicaragua was entirely feasible, but the Maritime Canal company, which held the concession and exerted powerful influences, prevented an agreement to a modified route. The majority of the commission, Admiral Walker and Colonel Hains, favored what is known as the Tull route. They adhered to dimensions considerably greater than ever before, both in length of locks and in width, depth and radius of curvature of canal, in order that large ocean steamers, and especially war ships, could securely and quickly make the trip over the divide. This, they said, necessarily made a corresponding increase in the estimated cost, in no way inconsistent with the estimates made from former surveys which contemplated a smaller and cheaper canal.

It was the opinion of the commission that of the two routes estimated for, the Tull route was the more desirable, because it is easier of construction, presents no problems not well within good engineering precedents and will be a safer and more reliable canal when completed. It also expressed conviction that the dimensions and form of construction preferred by the commission were better than the cheaper form with smaller dimensions which would undoubtedly call for extensive improvements within a short time after its completion.

HOSPITAL TO BE CLOSED.

Only Eighty-eight Patients at Savannah
and They Will Soon Be Discharged.

Savannah, May 19.—Major Appel, surgeon in charge of the army hospital here, is preparing to close the institution for the summer. There are now in the hospital 88 patients, 41 of whom are volunteers and 47 regulars. Most of the cases are convalescent, and will soon be discharged. The muster out of all the volunteer regiments here and the conclusion of the movement from the West Indies through this port for warm months, has brought about the closing of the hospital.

Since March 11, there has been treated at the hospital 860 soldiers, of which only 13 have died. The fatal cases were brought from Cuba. At one time, between April 8 and 10, about one-half of the 1000 cots were filled with sick and wounded soldiers.

Hunting in Demand.

New York May 19.—The home coming of Admiral Dewey has caused a boom in the drygoods trade. The demand for ordinary cloth prints for conversion into hunting has all but exhausted the supply and converters have found it necessary to take higher goods or material including what is known as 64 squares. In the trade it is estimated that at least 500,000 pieces or 25,000,000 yards of hunting will be used to welcome the hero of Manila bay.

Ranger Ready for Service.

Mare Island, Cal., May 19.—The United States gunboat Ranger has received a thorough overhauling and is about ready to go into commission. Her main battery, consisting of eight 4-inch guns has been placed in position, and she is now receiving supplies.

Injuries Proved Fatal.

Shreveport, La., May 19.—Henry Bullock, a young man from Houghton, La., who was injured a few days ago by being thrown from his horse, died here at the charity hospital. His remains were taken by his brother to the former place.

Hanged for Assault.

Charlotte, N. C., May 19.—John Jackson, was hanged here for assault committed on a young white girl last September. He made a 5-minute speech, protesting his innocence, and sang a hymn.

Found Floating in River.

El Paso, Tex., May 19.—The body of an unknown man was found floating in the river near Anthony, N. M. The body had evidently been in the water many days.

Sanctioned the Bastrop Races.

Chicago, May 10.—The League of American Wheelmen has sanctioned the race meet on May 30 at Bastrop, Tex.

SATURDAY, MAY 20, 1899.

LETTER FROM MARLIN.

An Eagle Scribe in Hot Water—
Building Boom On.

Marlin, Texas, May 18, 1899.—
To The Eagle: I arrived at the
"city of the hot wells" today, and
am very pleasantly situated at the
Hotel Artesia, a place where they
feed well, and which, considering
its splendid patronage, seems to
strike the popular heart.

Everybody has heard how hard
Marlin was hit by the series of
big fires a few months since, but
very few realize how fast she is re-
covering her lost ground, and even
preparing to go several rounds
higher, at one bound. A beautiful
and substantial brick hotel to con-
tain fifty rooms, is nearing comple-
tion, and I am told that plans are
now in the hands of contractors
for estimates for new bath houses
that will be far superior to those
that were destroyed by fire. I
have been asked to examine the
plans, and may have opportunity
to do so tomorrow. It is said that
the houses will be something that
any watering city would be
proud of.

The town is alive with visitors,
and there are the usual number of
people here who tell most remark-
able instances of cures from drink-
ing water and bathing.

The Bethesda or Hot Well Bath

house, Drs. Cook & Torbett, pro-
prietors, is doing a big business.

I find Dr. Hairston, the special-
ist, formerly of Bryan, well estab-
lished here and doing well.

Marlin remembers kindly a
good many of Bryan's citizens who
have been here and gone away
with warm words of commenda-
tion for the town's special pride,
her healing waters.

I am invited to a dance tonight
at the boat house, a club's pleas-
ure resort on the banks of the
beautiful artificial lake. By the
way, there are 30 or 40 boats on
the lake, and its a place of pleasure
out of sight. But an invalid, here
to drink the well waters for his
health, can hardly afford to join
terpsichorean revelers; it would
not be consistent with the groans
and plaints of those afflicted.

Goodbye for the present.

W. P. C.

The Eagle has preached railroad
building to the people of Bryan at
intervals for many years and never
lets an opportunity pass to impress
the importance of a movement in
this direction before action is fore-
stalled or made ineffective by the
action of other towns and sections.
Following closely upon the sign-
ing of the Katy consolidation bill
by Gov. Sayers there are reports
of a boom in railroad building
coming in from many sources,
and among them is a revival of the
talk of the road from Waco to
Sabine Pass, which line, if built,
will pass through some of Bryan's
best trade territory in Leon and
Madison counties. We hope be-
fore such a condition actually
confronts the people of Bryan
they will have adopted measures
that will enable this town to suc-
cessfully hold its now splendid
patronage against all comers. To
do this successfully we should
not only establish schools, but
add some more manufacturing en-
terprises, notably a cotton mill,
and also if possible secure another
railroad connection.

MEN'S OUTFITTERS.

AN ASSAULTER KILLED.

A Plucky Young Woman Successfully Defends Herself in Alabama.

Mobile, May 19.—Near the 12-mile post on the St. Stephens and Deer Park road, in Washington county, while Theresa Thompson, a young woman, was dipping turpentine with a younger brother, a negro named Tom Murphy, who was in hiding, took advantage of the boy's temporary visit to the spring nearby, and attempted to assault the girl. He had a pistol and threatened her with it. A struggle ensued and he laid the pistol down in order to overpower her. She being well built and strong, seized the pistol and shot the negro twice. An older brother who was working at some distance, heard the shots and the girl's screams. When he reached the place the negro had taken the pistol from the girl and a fight ensued between the white man and the negro, the former being armed with a hacker, used in cutting for turpentine. He slashed the negro and the negro shot him. Both fell and the negro crawled away a short distance and died of the pistol wounds. Thompson is reported in a precarious condition.

LEFT TEN MILLION.

Leon Godechaux, a Wealthy Citizen of Louisiana, Is Dead.

New Orleans, May 19.—Twenty years ago Leon Godechaux was a peddler on the Mississippi river between here and Vicksburg, carrying his pack on his back. He went into one plantation and the owner put him out and set his dogs on him. The itinerant merchant bending under his load, shook his fist at that plantation mansion, which was one of the finest in the state, and exclaimed that he would live to put the owner out of the place and own it himself.

The peddler of that day has not only kept his word, but he has acquired possession of nearly all the river plantation between this city and Baton Rouge, a distance of 90 miles. He owned the largest clothing and furnishing house in this state, and was worth \$10,000,000. Leon Godechaux, died Thursday in his mansion in this city, at the age of 75 years.

JONES FOUND GUILTY.

Convicted as Accessory in the Burning of McGee and Sampson.

Muskogee, I. T., May 19.—In the United States court here Nelson M. Jones was found guilty as accessory to the kidnapping of Lincoln McGee and Palmer Sampson, Seminole Indian boys, who were kidnapped in the Indian Territory by a mob and afterward burned to death at the stake near Maud, O. T. Jones at the time of the burning was a deputy United States marshal and had a writ for McGee, but instead of arresting him and taking him from the hands of the desperate and infuriated mob, assisted in the kidnapping which resulted in the death of the boys.

Admitted to Bail.

Tyler, Tex., May 19.—W. H. Eckels, chief clerk of the claim department of the Cotton Belt, who was arrested on a charge of assault to murder, waived examining trial and his bond was fixed at \$2000 to await the action of the grand jury. Clark also waived examining trial and was released on a \$200 bond.

Steamer Struck a Snag.

Natchez, Miss., May 19.—The steamer Lulu Prince, struck a snag while making a landing at Fresh Pond, 20 miles below here. She could neither back out nor go forward, but began to sink rapidly. Everything was removed from the boat.

On Their Way to Manila.

Manila, May 19.—The Philippine commissioners to confer with the American commission regarding surrender have arrived at San Isidro and are coming to Manila today. The people are confident that the insurrection is ending.

Reported Resignation of Logan.

Atlanta, May 19.—Word was received here that Major John A. Logan, who was recently assigned to the position of adjutant general of the department of the gulf, has resigned from the volunteer service.

Ex-Congressman Potter Dead.

East Troy, Wis., May 19.—John F. Potter, of antislavery fame and a former congressman, died here from a paralytic stroke, aged 62 years. Mr. Potter was one of the founders of the Republican party.

Plant Ordered Sold.

Waxahachie, Tex., May 19.—Judge Dillard appointed Hon. Tony B. Williams special commissioner to sell the Ennis Ice, Light and Water plant to the highest bidder on the first Tuesday in July.

Returns to His Old Love.

Topeka, May 19.—United States Senator Pepper, one of the founders of the Populist party, and who was for years the chief exponent of Populism, has returned to the Republican fold.

Caught in Machinery.

Terrell, Tex., May 19.—While working at the oil mill at this place Conn Mallory got his hand caught in the machinery, and had it very severely cut and bruised.

Verdict of Acquittal.

Centerville, Tex., May 19.—P. K. McKinzie was acquitted of the charge of murder of S. A. Thomas. The jury was out only 30 minutes.

Given a Life Sentence.

Paris, Tex., May 19.—In the district court Jim Saunders was convicted of murder and sentenced to the penitentiary for life.
